## C. DEFENDANTS

4. First Correctional Medical Inc., 6861 N. Oracle Rd., Tucson, AZ 85074. (Dr. Niez)

It was the Contractor's responsibility for providing medical treatment to inmates at D.C.C.. This defendant (F.C.M. Inc.) failed to provide for serious medical needs.

The Plaintiff having been diagnosed by their physician, with Hepatitis-C; mandating treatment for Chronic-Illness.

Yet the plaintiff was diagnosed by F.C.M. Inc.'s physician (Dr. Niez) in 2006 and shown complete deliberate indifference by their failure to treat the Plaintiff's illness.

The Defendants failed to act or provide the treatments needed, thereby, causing the Plaintiff's injuries, i.e.- liver damage, recurring infections, progressive deterioration and allowing the Plaintiff's condition to worsen.

5. Correctional Medical Services, 1201 College Park Drive, Suite-101, Dover, DE 19904.

This company is the new medical provider at D.C.C.; After the termination of F.C.M. Inc.'s contract.

This provider has allowed the medical-personal to inject the Plaintiff incorrectly with "Interfearon-shots", causing infection. The Defendants failed to rotate the injection-locations, knowing that this could create infection. Thus, showing complete and deliberate indifference to the Plaintiff's injuries and serious medical needs. Repeatedly injecting the Plaintiff in the same location caused the Plaintiff nausea, nose-bleeds, yellowing of skin, dizziness and pain & scarring of the abused injection-location, AS WELL AS SORES, Causing Plaintiff to become ANEMIC, SEE EX-L-3, L-4, EX-D, EX-A1,

Correctional Medical Services was on notice of the dangers of incorrectly injecting the "Interferon-shots" and to properly treat the Plaintiff's illness; In violation of the Eighth Amendment Protection from Cruel and Unusual Punishment.

Both of these Defendants have failed to provide the medications prescribed by the Infections-Doctor (Dr. McDonald) for the Plaintiff's illnesses. (SEE TURNER V. C.M.S. (#03-048-SLR))

Regularly the Nurses change what the Doctor had prescribed, to what they believe I should receive, without Cronic-Doctor's authority. Thereby complicating the Plaintiff's treatments and then taking months to reorder medication that had been changed or had "run-out". I once sat in pain for two-months without any pain-meds..

SEE EX-A2, A3.

6. Director of Medical at D.C.C., (2007-08) John or Jane Doe, employee of D.C.C. and responsible for the running of the medical department, and for reviewing inmate's complaints and addressing those issues.

This Defendant has shown complete and deliberate indifference to the Plaintiff's medical needs by refusing to act on the Plaintiff's formal complaints, i.e.: sick-calls, grievances and personal letters about the mistreatment the Plaintiff was receiving.

That is, the Plaintiff's pain-meds., nutritional resource-drinks, am & pm snacks and all other treatments were being withheld for months at times, causing the Plaintiff's condition to worsen. Causing Plaintiff's blood disorder. (Anemic) EX-D

7. L.P.N. Lisa Suger is employed by C.M.S. and has shown

complete and deliberate indifference to the Plaintiff's serious medical needs. This Defendant refused to treat or assess my conditions. After I filed six sick-call requests; finally two-weeks later, L.P.N. Lisa Suger came to where the Plaintiff was housed and refused wait as the Plaintiff was getting his cloths on after a shower. The two officers on duty observed Ms. Suger saying; "she will return the next day", which She did not. Not until another two-weeks later, when Lt. Welcome saw how the Plaintiff's condition had worsened (i.e.- nose-bleeds, yellowing of eyes + skin, weight-loss, etc.) and called medical himself. Thus, this Defendant showed complete and deliberate indifference to the Plaintiff's medical needs in violation of the Eighth Amendment.

#### 8. Nurse-Quanny (C.M.S. employee)

This Defendant used the wrong size needles (diabetic-needles) to inject the Plaintiff with the "Interfearon", which was insufficient-amounts. This Defendant also failed to rotate the injection-location and these errors resulted in infection, scarring and further complication of the Plaintiff's conditions.

This Defendant was also involved in changing the Cronic-Doctor's order. Dr. McDonald prescribed that the Plaintiff receive two "boost" drinks daily and this Defendant (in cahoot with the prison's dietition) changed the Dr.'s order, thereby further complicating the plaintiff's conditions, i.e.- loss of appetite, weakness, fainting/dizzy-spells and recurring-infection. I filed numerous sick-calls and grievances and nothing was

done until months later when I saw the Cronin-Doctor, who was clearly upset that the Defendant had changed his orders. EX-D, EX-L-3, L-4

9. R.N. Jamilla McKenzie: (C.M.S. employee)

This Defendant used the wrong needles for the Plaintiff's Interferon-injections. She also failed to rotate the injection-locations, causing infection, sores, scarring and further complication. This Defendant also displayed complete and deliberate indifference to the Plaintiff's medical needs. EX-D, EX-L-4, L-3

10. Nurse Richard (C.M.S. employee)

This Defendant also used the wrong needles and did not rotate the injection-location, as required with Interferon-injections. (On 10-07, 11-07, 12-07, + 1-08) I continuously complained about the pain, sores, weakness, blurred-vision, etc., by filing sick-calls and grievances. EX-D, EX-L-3, L-4

11. Nurse Veria (C.M.S. employee)

This Defendant repeatedly withheld my Dr. prescribed medications and showed complete and deliberate indifference to my serious medical needs. I filed numerous complaints on 11-26-07, 11-27-07, 11-29-08, 10-6-07 + 10-14-07 and nothing was addressed. Lack of the nutritional-drinks caused the Interferon to over-power my system, thereby causing further complications, such as; anemia, appetite-loss + hyperventilation-episodes. SEE EX-H

12. Ronnie Moore, Health Services Administrator (C.M.S. employee)

This Defendant display complete and deliberate indifference to the Plaintiff's serious medical needs. After receiving ten medical-grievances about all the Plaintiff's issues, this Defendant has still failed to take any action and thus, allowing my medical-mistreatment to continue; further contributing to complication of my illness. SEE EX-B, EX-D

13. Brenda Lucas, Investigator (C.M.S. employee)

This Defendant also displayed complete and deliberate indifference to Plaintiff's needs by failing to act after having been notified seven-times by grievance. Thus contributing to complication of the Plaintiff's illness. SEE EX-D.

14. Defendant John Doe (C.M.S. employee)

15. Defendant Jane Doe (C.M.S. employee)

"Each Defendant is sued individually and in his/her official capacity. At all times mentioned in this complaint, each Defendant acted under the color of state law."

These two Defendants have displayed complete and deliberate indifference to the Plaintiff's serious medical needs by failing to rotate the Interfearon injection-location. Thus contributing to further complication of the Plaintiff's illness.

16. Upon information and belief, the following facts and exhibits presented within this complaint has been ongoing with the abuse of this medical staff within the Department of Corrections.

Please review all exhibits and documents which have been attached A through Z-5.

#### 17. EXHAUSTION OF LEGAL REMEDIES

Plaintiff, Daniel M. Woods #164728 has used Grievance Procedure available at D.C.C. to try to "resolve" the problems. (On 10-6-07, 10-14-07, 11-26-07, 11-27-07 + 11-29-07 with no results) See exhibits A thru Z-5.

#### 18. LEGAL CLAIMS

Plaintiff real~~ke~~ge and incorporates by reference, paragraphs 1-18.

19. The violations of deliberate indifference to the Plaintiff's serious medical needs a failure to adequately treat these medical needs is a violation of the Eighth Amendment's Protection from Cruel and Unusual Punishment and mental or emotional duress.

20. The Plaintiff has no plain, adequate or complete remedy at law to redress the wrongs described herein. The Plaintiff has been and will continue to be irreparably injured by the conduct of these defendants unless this Court grants all the relief Plaintiff seeks.

Mr. Daniel Woods  
SBI# 164728  
Delaware Correctional Center  
1181 Paddock Road  
Smyrna, DE 19977

Dear Mr. Woods,

I have reviewed your file, which Mr. Hampton forwarded to me last month. I have several follow-up questions I am hoping that you will answer at your earliest convenience.

As you may know, the Prison Litigation Reform Act (PLRA) of 1996 made it harder for prisoners to file lawsuits in federal court. One of the most significant hurdles to overcome is exhaustion of the prison's grievance procedure. This law requires that you complete all levels of appeal, even if prison staff tells you that your grievance is too late, or rejects your grievance for some other reason. If you file a lawsuit in federal court before using every step of your prison's grievance procedure, it will almost certainly be dismissed.

It appears that your primary health-related concern is the lack of treatment for Hepatitis C. Please provide answers to the following questions to the best of your ability. If you do not recall the answer, or do not have access to paperwork that would provide the answer, just let me know, and we will do our best to make sense of the information we already have.

1. You filed Grievance #17397 on 9/08/05, complaining of a lack of response to your sick call slips. As you then note in your letter to Mr. Hampton, they recorded this grievance as resolved on 12/05/05. Can you explain to me what happened on that day? (i.e., did they call you in for you to sign off, and you refused and then they mis-recorded it? Did they forge your signature?)
2. Did you file an appeal or a grievance related to the way Grievance #17397 was falsely recorded as resolved?
3. Have you ever filed a grievance specifically about the lack of treatment for Hepatitis C (as opposed to general lateness of response to sick calls)?
4. If so, please let me know whether you have gone through all levels of the appeals process (Medical Grievance Committee → Bureau Grievance Officer → Bureau Chief). **If you have filed grievances and appeals, please send me copies of the documentation so I can review them.**

Thanks so much for your patience as we comb through stacks of your, and other inmates,' medical files. As I stated before, this is not an offer of representation. We are still in the initial stages of collecting and analyzing information from inmates, and conferring with colleagues about the feasibility of legal action or other forms of advocacy on behalf of many inmates who share similar experiences and frustration with the provision of medical care in Delaware prisons.

Very Sincerely,

**OFFENDER GRIEVANCE DETAILS**

**Description of Complaint:** Inmate Claims: On 5/11/08 my order Resource drinks ran out again this has been an on going problem for over the last ten months. Medical department continuing to allow the "Doctor ordered resource drinks" to run out. Then Chronic care inmates must wait a month or so before they get new stock. (If it's that quick, sometimes its longer) this treatment is very important to my treatment because it replaces my nutrient from the sickness of the interferon I receive. I'm also not receiving my AM and PM snacks again!

**Remedy Requested :** To not run out of these doctor ordered medical treatments, staff should be reordering when they get low, not when it runs out, then we go months without. Have my snacks as doctor ordered.
